MISSION STATEMENT 2023

Six years of hard work, numerous amazing films, workshops and discussions, countless inspiring people, filmmakers, performers, team members and volunteers have shaped the Porn Film Festival Vienna since its beginnings! And we are still evolving, greeting new exciting people into our team, opening up for new stimulating ideas, growing, learning and sharing this experience with our audience. Our sixth anniversary should be celebrated, and we would like to invite you all to join us on our journey through this year's colorful and powerful program! So, instead of looking back over the last six years, let's look into the future and talk about what to expect in the future!

Pornography is not only part of our culture, but also reflects it in a very specific way. It discusses fundamental issues that are supposedly private, but are in fact public - and thus political! Sexuality, body politics and gender identities deserve to be discussed without prejudice, openly and controversially. The Porn Film Festival Vienna wants to offer a sex-positive, body-positive and non-heteronormative space to do so! We want to connect, unite and educate, via films, bodies and sexualities, we want to create a common floor for discussion and creation, for creativity and collectivity!

INDUSTRY DAY

By attending the Industry Day, participants can gain valuable insights, form meaningful connections, and stay ahead of the curve in this dynamic and exciting industry.

The future of porn and sex is a topic of great interest and importance in our society. With the rise of technology, the world of sexuality is rapidly evolving, and we need to stay informed and engaged in this conversation. We need to be open to new ideas and perspectives, and to embrace diversity and inclusivity.

The Porn Film Festival Vienna plays an important role in this conversation, by providing a platform for innovative, diverse, and thought-provoking content. Through this festival, we can explore the boundaries of sexual expression and challenge societal norms, in order to create a more accepting and sex-positive culture. In times of rapidly changing social and cultural norms, the adult film industry faces new challenges in staying relevant and ethical. An Industry Day at the Porn Film Festival Vienna provides an opportunity for filmmakers, performers, and industry professionals to connect, share ideas, and develop new strategies for navigating these challenges. By working together and holding ourselves accountable, we can ensure a sustainable and inclusive future for adult film.

Join us in celebrating our sixth anniversary and immerse yourself in our vibrant and diverse program, where we showcase feminist and queer filmmakers, non-heteronormative productions, and the diverse, colorful, and fabulous world of sexualities. Let's push boundaries, stay rebel and claim the space together!

EXHIBITION

THE BLISS OF PROVOCATION Reclaiming Pleasure and Power

As digital and physical worlds increasingly converge, sexual expression, gender roles, and political power structures are being renegotiated. The influence of forums such as Pornhub, Grindr, Tinder, and even computer games & AI has become pervasive, creating new gateways to experience and perform sexuality. Against this backdrop, the relationship between power, gaze, and body in pornographic scenarios has become a subject of artistic investigation. Contemporary multimedia works featured in the exhibition challenge prevailing norms and explore the potential of pornography as a tool for resistance and emancipation. The goal is not simply to provoke or titillate, but to engage in critical reflection and imagine a future that is inclusive, equitable, and safe for all. Join us for a thought-provoking art exhibition that aims to shape the future of human sexuality by confronting the proliferation of pornography with works of films, sculptures, paintings, drawings and photography.

Participating Artists:
Offerus Ablinger, Wilhelm Binder, Andreas Friedl, Iris Kaufman, Orçun Karamustafa, Rica Fuentes Martinez, Alix Lefebvre, Georgiana Nightingall, No_Pic_No_Chat, Ben Nordmann, NOSOX NOSEX, Sebastian Perinotti, Irena Pejčić, Leonardo Pavez, Thais de Almeida Prado, Hidéo SNES
